

Security Video-Alarm System

Video-verified Collaborative Alert System

The Latest Video-Verified Alarm System

Did you know that traditional CMS has 98% false alarm rate? The crisis control dispatcher treats a call without verified evidence as a low prioritized response. With Home8alarm Video-Verified and Self-Reporting Alarm system, you get zero false alarm, prioritized response from the crisis control dispatcher, and collaborative peace of mind.

System Benefits :

- ✓ Collaborative protection
- ✓ Video-verified event evidence
- ✓ Direct notification
- ✓ Prioritized police responses
- ✓ Plug-N-Play
- ✓ Secured video-privacy
- ✓ Easily expandable
- ✓ Utmost peace of mind

1 Event Push

2 Collaborative Notification

3 Prioritized Response
